FIRE EXTINGUISHER TRAINING

Be alert! Act immediately! A training was given to students of class XI on 19-10-2016 on how to put out fire .

TEACHING WITH TECHNOLOGY

A switch over to 'Teaching with Technology' using Microsoft in classrooms (Applications like Skype, One Note, Sway and so on). The school has incorporated Microsoft In Education to enhance teaching cum learning skills by building a transparent environment for both the teachers and the students.

As a part of the professional development, teachers have enrolled themselves in Microsoft Innovative Educator (MIE) programs & attempting the courses to enable themselves to become technically advanced in the teaching and learning process. SISHYA SCHOOL IS NOW RECOGNISED AS A MICROSOFT SHOWCASE SCHOOL.

CBSE APPOINTMENTS

Sishya School being the centre for the Class X and XII CBSE examinations with the Principal as the Centre Superintendent-took up the responsibility with dedication and precision by a competent team of senior teachers of the School.

The school also being the Evaluation Centre for the CBSE for Class X & XII exams-with our Principal as the Chief Nodal Supervisor has provided opportunities to our teachers to perform duties as Evaluators and has exposed them to national level answer scripts that throw light on various aspects of paper presentation techniques.

FULBRIGHT EXCHANGE PROGRAMME - VISITORS

Mr.Valentine a scholar from the USA visited the school on 10-2-2017. He interacted with the students & shared his experiences as a part of the Fulbright Exchange programme.

Mr.Garry Joseph an American scholar from the USA, an expert in Science Teaching Techniques visited the school on 22-2-2017 for an interaction with students/teachers & shared his experiences with the Sishyans as a part of Fulbright Exchange programme.
